Nikita Bhalke

nikitabhalke7777@gmail.com • 8217399303 • LinkedIn GitHub • Banglore,India

PROFILE SUMMARY

Full Stack Developer skilled in Java, MySQL, PL/SQL, and front-end technologies like HTML, CSS, JavaScript, and React.js. Experienced in developing backend applications using Spring Boot and Hibernate. Strong in SQL, database management, and core concepts such as OOP and Data Structures & Algorithms, delivering clean and efficient code.

PROFESSIONAl EXPERIENCE

Data Analytics Intern | Five Seven IT Solutions Feb 2025 – May 2025 | Bidar, India

- Performed data cleaning, analysis, and visualization using Python (Pandas, Matplotlib) and SQL.
- Built interactive Excel dashboards to track KPIs and business trends, improving reporting accuracy.
- Conducted exploratory data analysis (EDA) to identify insights and automate reporting workflows.

EDUCATION

B.E. in Computer Science & Engineering – Visvesvaraya Technological University , Belagavi
PUC – Sarvajna Independent PU College, Kalburgi
SSLC – Dattagiri Maharaj High School, Bidar

PROJECS AND REWARDS

Bird Classification Using Machine Learning

Machine Learning project built using Flask (backend) and MySQL (database) for real-time bird species classification.

- Developed a Flask-based web application to identify bird species from audio input.
- Trained a deep learning model using Keras and Librosa for audio feature extraction.
- Integrated MySQL for user authentication and prediction history.

Driver Drowsiness Detection

Computer Vision project using Python and OpenCv to monitor driver fatigue in real time

- Built a driver alert system that detects fatigue through eye-aspect ratio (EAR) tracking.
- Implemented sound alerts to prevent accidents and enhance road safety.
- Achieved high detection accuracy under varied lighting and camera conditions.

Food Delivery Website

Web development project using HTML, CSS, JavaScript, and MySQL for online food ordering and delivery.

- Developed a responsive platform allowing users to browse menus, place orders, and make secure payments.
- Integrated with a backend database (MySQL) to manage customer and order data efficiently.
- Focused on enhancing user experience and ensuring mobile compatibility across devices.

Certifications

- Data Analytics Internship – *Five Seven IT Solutions.(2025)*
- DevOps Training – *Seventh Sense Talent Solutions.(2025)*
- Android Developer Virtual Internship.(2024)
- Basics of Python – *Infosys Springboard.(2024)*

SKILLS

Programming Languages: Java
Web Technologies: HTML, CSS, JavaScript, React.js
Backend & Frameworks: Spring Boot,Spring Hibernate, JDBC
Databases: SQL
Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms.

PUBLICATION

Deep Learning Approaches to Bird Classification" — *IJARESM, Vol. 13, Issue 1, Jan 2025*
Published research paper on applying deep learning techniques to bird species classification.
Certificate ID: IJ-2101250318 | **Affiliation:** VTU, Bidar | **Date:** 21 Jan 2025
